UXV 450i

Built tough for trails, and rough for ranges, the compact KYMCO **UXV 450i** is powered by an EFI-fed, 443cc compact engine that's tuned for peak performance, the UXV 450i's virtue is versatility. All UXV 450i models now feature a shifter gate, to ensure the desired gear is always selected. The UXV 450i's compact chassis is easy to maneuver and it rolls right into most full-sized pickup trucks. The KYMCO UXV 450i's cab features a bench seat, tilt steering wheel, provides the driver and passengers easy, fast access in and out of the vehicle. This mid-sized draught horse has a 440-lb. capacity, gas assist, rear dump bed, and built-in tailgate storage. It sits with outstanding ground clearance and class-leading front and rear independent suspension for smooth, sure-footed handling over any outdoor surfaces. For rough and rugged terrain, shift from 2WD to 4WD with differential lock for a sure-footed drive. Built for serious play or hard work, the UXV 450i is an outstanding value for its features and quality. Available in Black, Blue or Red.
